DETAILED ACTION

Response to Amendment

Claims 1-24 have been canceled and claims 25-30 have been added. Hence, claims 25-30 are pending in the application.

The timely submission under 37 CFR 1.129(a) filed on 4-12-05 is not fully responsive to the prior Office action because newly submitted claims 25-30 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the original claims were directed to an ink composition and the new claims are directed to a ballpoint pen.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 25-30 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Since the submission appears to be a *bona fide* attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a). If a notice of appeal and the fee set forth in 37 CFR 1.17(e) were filed prior to or with the payment of the fee set forth in 37 CFR 1.17(r), the payment of the fee

Art Unit: 1755

set forth in 37 CFR 1.17(r) by applicant is construed as a request to dismiss the appeal and to continue prosecution under 37 CFR 1.129(a). The appeal stands dismissed.
